PENSACOLA, MARCH 13, 1900.

NOTWITHSTANDING the vehement approbation of the New Orleans Picayune of the action of Louisiana's two congressmen—Meyer and Davis—in voting with the republicans for the Porto Rico tariff bill, the democrats of that state, as well as those of all the other states, will scarcely be able to see in it anything but a deliberate abandonment of democratic principles for the benefit of the private interests of a few of their constituents who happen to be engaged in the production of sugar.

EX-BANKER E. W. AGNEW of Ocala, who was sentenced in 1897 to five years' confinement in the Ohio penitentiary for violations of the U. S. banking laws, and whose term was afterwards commuted to three years, expiring a few days ago, was released from custody and left Ocala last Thursday, arriving in Pensacola Saturday. His health is good, and many personal friends welcomed him home. The belief is general that Mr. Agnew's offense was more technical than real, although many were injured by the failure of his bank.

A REPUBLICAN member of congress, who is described as "a distinguished representative," recently gave away in conversation the true inwardness of the situation in Washington on the Porto Rico tariff bill, as follows:

McKinley lacks the nerve to dictate the policy of our party, and we are obliged to follow the leadership of Senator Aldrich, who is a large extent dominated or influenced by the great financial corporations of the country. In the meantime the democrats are rejoicing over the blunders we are making, and are encouraged to believe that if this blundering on the part of the republican leaders continues, they will have an excellent opportunity to whip us out in the coming campaign.

JANUARY'S record of foreign exports of timber and lumber, as tabulated by the American Lumberman, shows that Pensacola's exports of sawn timber for that month constituted 41.93 per cent of the total from all southern ports, as against 29.98 per cent in December, 29.59 per cent in November, 61.08 per cent in October, 40.62 per cent in September and 51.62 per cent in August. Foreign exports of boards, deals and planks from this port in January were 36.12 per cent of the total from all southern ports, as against 30.87 per cent in December, 27.72 per cent in November, 33.13 per cent in October, 28.80 per cent in September and 30.73 per cent in August.

## A Case With a History.

The Tallahassee correspondent of the Savannah Morning News notes in that paper the fact that the litigation between the state and the Florida Central and Peninsular Railroad Company has been advanced on the supreme court docket, and the hearing set for March 27th. This matter involves the payment of back taxes on the property of the road for the years 1879, 1880 and 1881, and has been hotly contested for nearly seven and a half years, the original levy of the sheriff of Leon county upon the property of the road having been made in October, 1892.

In November of that year the railroad company filed a bill for an injunction to restrain the comptroller from collecting the tax, and Judge Maione being disqualified, the application for the writ was made to Judge White of the third circuit. In November, 1893, Judge White made his decision, adverse to the state, and an appeal was taken to the June term, 1894, of the supreme court.

The case was submitted to that court in July, 1894, and a decision was rendered in March, 1895, adverse to the railroad company. Then the company obtained leave from Judge White's court to file a supplementary bill in the nature of a bill of review, which was filed in November, 1895. A demurrer to this bill was filed January 31, 1896; it was overruled, and an appeal taken to the supreme court. That court, in March, 1897, reversed the circuit court and ordered the supplemental bill dismissed, and a decree to be entered, but granting permission for the filing of a similar

bill as to that portion of the line extending from Jacksonville to Chattahoochee. In September, 1897, Judge White ordered the reopening of the case as to the portion of the line above described. In March, 1898, the attorney-general filed in the supreme court a suggestion for a writ of prohibition, which was granted in July, 1898; and the papers in the cause having been lost, an agreement of counsel was filed providing that they should be supplied by copies, and that a final hearing of the cause in the supreme court should be had at the June term, 1899. Evidently, no such hearing was had, as the recent order for the case to be advanced on the docket and heard March 27, 1900, indicates that it was not finally disposed of in pursuance of the agreement.

The amount involved in the suit is about \$95,000, partly state and partly county taxes, and, of course, interest thereon, if the same procedure obtains in cases wherein the state is party, as in individual suits. No one can consider the peculiar history of this matter without perceiving that the railroad has had the best of it from the beginning; and impressed with the conviction that if a case ever existed in which the attorney-general should have had the benefit of "special counsel," this was one.

## GOOD ROADS CONVENTION.

Will Meet at Orlando March 22d and 23rd.

ORLANDO, March 13.—The State Good Roads Convention to be held here March 22 and 23, promises to be a great success. The Florida Bankers' Association is also to be held here on the 21st. Many of the state bankers have signified their intention to remain over and attend the road meeting. The Agricultural Bureau in Washington has agreed to send Mr. M. O. Eldredge, director of the division of road inquiry, to deliver an illustrated lecture upon road improvements, which feature alone will be of great value to the state.

It is desired that every county in Florida be represented, and that each county make a full report of what has been done in the way of road and bicycle path improvement within its borders, stating material used, cost of construction, etc., together with samples of material used. These samples, from all parts of the state, will make a valuable and very interesting exhibit.

## WILBUR-KIRWIN CO.

One of the Best Comic Opera Companies on the Road.

No better pleased audience ever sat through a play or opera at the Pensacola opera house than those who heard Susie Kirwin and her clever company sing "The Two Vagabonds" last night. The music was excellent, the voices were all good, the girls were all pretty and graceful and the vaudeville work was first-class in every particular.

Susie Kirwin deserves success, for she works hard to please her patrons and she gives personal attention to every detail of the presentation.

She did clever work last night as Fanchon and she was ably supported. Alice Hare was as pretty as a rosy-cheeked peach in her Captain Pastille and she was as graceful as a gazelle. Margaret Baxter was in fine voice and Louise Roberts as Princess Pompadour was in a tilter and she handled it with wonderful skill. Harold Gordon has a rich voice and he knows how to use it. Chas. Fuller, Lyman Wheeler and E. A. Reader each filled their parts to perfection, but when it came to the two vagabonds, E. A. Clark and J. C. Harvey, it was hard to keep folks on their feet. Harvey is an amusing "cuss" and he kept everybody roaring with laughter.

The vaudeville work was the best and most entertaining ever seen here and every member was high class. "The Girl With the Auburn Locks" sang her way into the hearts of all present. This feature is something entirely new on the state, church music, choir girls in surplice; stage set as interior of church; altogether a realistic scene. "The Holy City" was very fine.

Miss Kirwin sang Creole Sue better than it was ever before sung on a Pensacola stage.

Baby Beatrice is a little tot with a wonderful voice and she is quite a clever dancer. The illustrated songs, old glory animated song sheet and chrysanthemum march were all very attractive features.

Said Pasha is being sung at this afternoon's matinee and Carmen will be to-night's attraction. There have been many high-priced companies here who did not give half so entertaining a program.

The company deserves liberal patronage.

## Weather Conditions.

The center of low pressure has moved from the upper Missouri valley to Western New York, and has been succeeded by an area of high pressure that covers the entire Northwest.

An atmospheric disturbance is brewing in Texas to-day. It will move eastward and result in increasing cloudiness in the Gulf states.

Marked falls in temperature occurred in the West from the Missouri valley southward to Texas, and it has grown warmer from the Mississippi river eastward to the Atlantic coast; 30 miles an hour at Marquette and St. Paul were the highest wind velocities during the past 12 hours.

Marquette and St. Louis are the only stations where precipitation occurred and at 8 a. m. snow was continuing at the former station and a thunderstorm was in progress at the latter.

Conditions point to a continuation of fair and pleasant weather for this vicinity. M. J. WRIGHT, JR., Observer.

## MOUNTAIN MINT TONIC.

One year ago to-day I placed on the market my preparation—Mountain Mint Tonic. I advertised in "THE DAILY NEWS" for a period of six months. Prior to this, the medicine was unknown to the public. Up to date, 3200 bottles have been sold. The Tonic has made friends wherever it has gone, and practically no one has complained that it is not exactly as represented.

Recently I have made a valuable addition to its composition enhancing its value very much. This has been done at great expense to me, while the price to the public remains the same, namely: One dollar per bottle, six bottles for five dollars.

The addition spoken of above is directed especially to the relief of indigestion in its varied forms.

With proper diet the Tonic will cure the worst forms of this tormenting affliction with its hundreds of obscure symptoms often referred to other organs than the stomach. By this addition, its virtues as a general tonic and invigorator and blood purifier, are not impaired in the least. No better medicine can be found for the relief of those diseases that are so prevalent in the spring months.

I take this opportunity to thank my friends for the support they have given this Tonic, and promise that Mountain Mint Tonic, as improved, will give still better satisfaction.

PHILIP E. HANNAH.
